To,

All Member Exporters (Delhi/NCR),

SUB: AWARENESS SEMINAR ON "IMPORTANCE OF FIRE SAFETY MEASURES & PREVENTION PLANNING" FOR HANDICRAFT EXPORTERS ON 21ST DECEMBER'2019 - REG.

Sir/Madam,

Fire safety is the set of practices intended to reduce the destruction caused by fire. Fire safety measures include those that are intended to prevent ignition.

If you own, manage or control a commercial property, you are required by law to protect everyone who lives in, works within or visits your building from the threat of fire as far as is possible. This involves assessing the risks and specific hazards present within your environment and then installing appropriate fire safety measures accordingly, including equipment such as fire alarm systems, fire extinguishers and emergency lighting. However, it's important that you don't stop there. Instead, it is hugely beneficial to provide professional fire safety training for your staff, or chosen designated employees, ensuring that they have the knowledge to respond safely and effectively in the event of a fire.

Keeping in view the importance of above subject, the Council is organizing Seminar in New Delhi on 21st December'2019 (Saturday) at 02:30PM onwards as per details given below: -
